The screenshot shows the Canvas LMS interface for 'Captain's License 21W'. The left sidebar contains navigation options: Home, People, Files, Quizzes, Grades, Courses, Calendar, Inbox, History, and Help. The 'Courses' option is highlighted with a blue arrow. The main content area is titled 'Course Notification Settings' and includes an information box stating that course-level notifications are inherited from account-level settings. Below this, there is a toggle switch labeled 'Enable Notifications for Captain's License 21W' which is currently turned on. A message indicates that the user is currently receiving notifications and provides instructions on how to disable them. At the bottom, a table titled 'Course Activities' shows notification preferences for 'Email' (addressed to adneal1@gmail.com) and 'Push Notification' (set to 'For All Devices').
